

Solving real world problems through innovation  
and emerging technologies since 2010

## Advanced Technologies

- Experts in high performance computing (HPC) in the cloud
- Artificial Intelligence and Machine Learning (AI/ML) for scientific and enterprise use cases
- Game engine, including VR/AR, immersive data visualization for scientific, geospatial, and disaster data
- Cloud computing with a focus on serverless applications, kubernetes, and automation
- Creators of successful AI NLP product Voice Atlas with customers in the private and public sector
- Experts in leveraging technology innovation for science and mission-driven organizations

## Services

- Cloud architecture, security, and governance
- Data visualization using game engines and VR
- DevOps, SysOps
- Technical team staff augmentation

## Sample Customers/Contracts

- NASA Headquarters  
HITS, cloud computing, applied sciences, VR/AR, data visualization
- NASA Goddard Space Flight Center (GSFC)  
NACS, HPC in the cloud, AI/ML
- NOAA National Oceanic and Atmospheric Administration  
OMS, cloud computing
- Non-Profits  
Battelle Institute, 3D modeling, data visualization
- Commercial  
Facebook LatinX/Hispanic featured supplier

## DATA

### Socio-Economic Status

- 8(a) certified

### Recognitions

- NASA HQ Small Business Subcontractor of the Year
  - 2021
- NASA GSFC - Small Business Subcontractor of the Year
  - 2021
  - 2016

**DUNS:** 047575409

**Federal UEL:** JN43ZJTVM8Z1

**CAGE:** 6WMD2

### NAICS:

- 518210** Data processing, hosting, and related services
- 541511** Custom computer programming services
- 541512** Computer systems design services
- 541519** Other computer related services
- 541990** Professional, scientific, and technical services
